COVID-19 (Coronavirus) 
UPDATE, March 12, 2020

We currently have no known cases of COVID-19 at LEO.

LEO is doing all we can to keep our community safe:

- All sites are being cleaned and disinfected frequently.
- We installed more hand sanitizers in public areas.
- Soap and paper towel dispensers are monitored and refilled.
- Staff who feel ill are staying home. If a staff member becomes ill during the day, s/he is being sent home.
- We are limiting visitors to our classrooms and conducting home visits by phone.

What should you do?

- If you are a Fuel client **CALL** instead of stopping by to check your status.
- If **YOU** are sick stay home. Symptoms: Fever, cough, trouble breathing.
- If your child has a fever of 100° F or higher, is unusually tired, has a cough, runny nose, or is sneezing, **keep your child home**.
